- Manage and maintain website and a massive product catalogue for a major fancy dress retailer based in the UK

Client Testimonials

The team's ability to mould yourselves to our way of working to meet us at the point of our changing and developing business needs has been well received by me our team. We are looking forward to continuing in the same way as we start to work together on projects for our customers, most notably Microsoft.

- Alan Dowzall, Pace Inc.

Brickwork has helped increase our online traffic through establishing new links, creating and communicating press releases, blogging, social network sites and a number of other ways. The service has exceeded my expectations every step of the way.

- Ted Helm, President, installitmyself.com

Brickwork India has been creating social networking sites for marketing purposes and also assisting us with our website redevelopment. We have been hugely impressed with the level of service and commitment offered by each designated Executive Assistant, in terms of efficiency and the consistent quality of work applied to each and every task. We will continue working with Brickwork for the foreseeable future.

- Toby Spoerer, Operations Manager, Ace Fancy Dress

About **Brickwork India**

Brickwork offers integrated services – virtual assistance, research assistance and IT services – all under one roof. Brickwork India's clientele is across industries world over including large corporations, Fortune 500 companies, SMEs, individual professionals, and entrepreneurs.

Brickwork India was founded in 2005 by Vivek Kulkarni a Wharton MBA graduate, with 30 years of experience in managing different verticals of business and government departments. Vivek pioneered the concept of Remote Executive Assistant (REA™) in early 2004, to provide business assistance at an affordable price to SMEs and professionals. This concept found instant worldwide recognition including the New York Times best seller 'The World is Flat' by Thomas Friedman, 'The 4 Hour Workweek' by Tim Ferris, and recently in Knowledge@Wharton, as well as in several international magazines and TV shows.

About IT Services

At Brickwork, we offer a full-circle approach in design & development where the actual design effort covers less than 40% of the entire project pie; Our services cover web and application development for multiple platforms and operating systems including mobile and portable devices, Design services cover the entire spectrum of creative media including 3D animation / modelling.

Our online branding and management services cover a plethora of marketing avenues to ensure a significant brand presence online.
