Client Testimonials

Brickwork provided me with a fantastic personal assistant who assisted me primarily in creating financial plans for high net-worth clientele and business owners. I always experienced a professional "can do" attitude and enthusiasm to bring every project to a higher level. With BW's help, my firm tripled its assets under management in one year

- **Jacob Cooper, CEO, Total Wealth Management**

I enjoyed working with Brickworks over the past year. Brickwork's professional staff and responsiveness exceeded my expectations. Brickwork's comprehensive analysis of my company's financial status gave me great insight into my business and the essential data I needed to make management decisions. Thank you!

- **Nick Kovak, President and CEO, TargetCast, Inc**

All the work was of a very high standard, timely and on what was asked no real areas for improvement. I'd certainly use your services again and would recommend you to my colleagues for research efforts.

- **Marketing Head of a Fortune 500 bank in US**

About **Brickwork India**

Brickwork India was founded by Vivek Kulkarni in 2005 to offer integrated services – virtual assistance, research assistance and IT services – all under one roof. Vivek pioneered the concept of Remote Executive Assistant (REA™) in early 2005 to provide business assistance at an affordable price to SMEs and professionals. This concept found instant worldwide recognition including the New York Times best seller 'The World is Flat' by Thomas Friedman; 'The 4 Hour Workweek' by Tim Ferriss; recently in Knowledge@Wharton; as well as several international magazines and TV shows.

About the Founder – Vivek Kulkarni

Vivek Kulkarni, a Wharton MBA graduate, has 30 years of experience in managing different verticals of business and government departments. In early 2008, Vivek started “**Brickwork Ratings**”, a **credit rating agency** recognized by the Indian regulator “Securities & Exchange Board of India” (SEBI), to help investors make informed investment decision. It is the 5th SEBI licensed Credit Rating Agency in India and has made a name for itself within a year of operations. Vivek also served as Director and Chairman of the Technology Committee on the Board of the Bombay Stock Exchange, the oldest stock exchange in India.

About Investment Research Support Services
